### Placement:

Children are placed in a class according to their age. Should they be on the border between two age groups, they will be placed according to the age they turn that year (ie – if they are turning 9 that year, they will be placed with the 6-9 year olds).

### Placing Your Child Into Another Age Group:

If you would like your child to be placed in a class that is outside of their age group, whether it is older or younger than their current placement, please contact Pavan at [pmthouseofdance@gmail.com](mailto:pmthouseofdance@gmail.com) with the reasons for your request. Commonly accepted reasons include:

- They show an aptitude higher than their age level (this would require the teacher's approval)
- They are close in age to a particular age group and would like to place up or down to make the child more comfortable.
